Reference: April Horticultural Review

FL. Certified Horticultural Professional: Jennifer Rogers

Good day,

Following up with this month's horticultural review; the items listed below will be addressed:

- Turf (19-0-8) fertilizer application was completed in April 2016.
- Plant (6-2-10) fertilizer application was completed in April 2016.
- The next pruning cycle is scheduled for the fourth week of April 2016.

General/Pruning:

- 20870 Remove dead in Philodendron.
- 20773 Boron deficient, suggest removing.
- Even out plants and shape.
- Maintain plant material away from homes.
- Keep plants trimmed below address numbers.
- All other material will be addressed based on need at the time of our next service visit.
- During May's pruning, reduce green/hedge material as needed.
- During June's pruning, reduce flowering material.

Irrigation Inspection- N/A

- Notes: 20823 New sod very dry and 20839 very dry.

Integrated Pest Management: All concerns noted in this inspection will be assigned a service request for needed corrections.

- The next IPM service is scheduled the the first week of May 2016.
- 20736 Kaidon Lane - look at bugs in mulch.

Should you have any questions on the above information please feel free to contact me at 239-643-4471.
